8. (Internal Use Only - JGO) I returned the telephone call of Miss Beverly Berg, Library of Congress (Telephone 426-1300), received by SDO, Office of Security, concerning Agency procedures resulting from the current bombing threats to Federal buildings. Miss Berg advised that she was doing a survey of all Government agencies for Senator Tunney. I told her that Agency security procedures are classified, but that we would be pleased to talk to Senator Tunney directly if he so desires. The Office of Legislative Counsel was made the point of contact for any further inquiries on the matter.

9. (Internal Use Only - JGO) Met with Mr. James Watson, House Committee on Science and Astronautics staff, who told me that the Subcommittee assignments had been finalized and the Committee organized in this morning's meeting. He gave me a preliminary copy of the Subcommittee outline and membership assignments.

10. (Confidential - LLM) Bob Horner, House Internal Security Committee, called and stated the Committee's interest in Joseph Szall, but I told him that we had received a prior request from the Senate Internal Security Subcommittee. Horner fully understands our "first come, first serve" policy and said as a matter of fact, they have a number of defectors who are scheduled to testify before the Committee.

11. (Unclassified - LLM) Returned the earlier call of Hilda Schrieber and advised her that we would interpose no objection to CSC's proposed legislation on cost of living adjustment of annuities. Consequently a written reply to OMB's 26 February request is not required. This position had been coordinated with the Director of Personnel. (See Memo for Record)
